Less Grain Moved Out of Curry Count

AMARILLO, Texas, Ang. 17—The has been a marked drop in gral loading on the Santa Fe lines in the Panhandle and in Curry county, Ne Mexico the past week when on 360 cars were loaded as against 50 cars the previous week. The tot loading in this territory since July is 2,178.

The fluctuation in price and the ombarge at Galveston are affecting the loading. The supply of graters has been much better the laweek, but the demand for cars had dropped very much. The supply however, is still less than the demand for cars.

The reason why Lydia E. Pinkham's Vegetable Compound is so ancessful in overcoming woman's ills is because it contains the tonic, strengthening properties of good old-fashioned roots and leebs, which act on the female organism. Women from all parts of the country are continually testifying to its strengthening, curative influence, and as it contains no narcotics or harmful drugs it is a n.fc medicine for woman. 23 CARS OF TOMATORS.
ROSWELL, New Mexico, Aug. 17.—
The Peces Valley Canning Factory is busy packing beans. About 47 people are employed at present. It is expected that the bean crop will be fraighed early in September. Tomatoes will be ready for the cannery in the near future. The acreage is fair and the crop promises will. It is estimated that the pack this season will total 25 cars.

Questioned as to the candidates in his own party, he expressed the belief that Judge R. H. Hanna, of Albingterque, is likely to be nominated by acclamation. "I believe that Judge Harna's name will be the only one placed before the convention," he said. "It is simply a question of whether he is willing to accept the nomination," he said for the convention, and in this campaign, his nomination will be equivalent to election. If I were going to manage this campaign, I would not worry any more over Hanna's chances of election han I did in 1916, whog Hoo. Andrieus A. OIL NEWS

At a meeting of the promoters of the McGree well south of Tosumeari, it was decided to discontinue teating land promisecounty over the feet of the McGree well south of Tosumeari, it was decided to discontinue leasing land promisecounty over the feet of the proposition, and they are of the proposition, and they are of the opinion that in order to get oil they would have to get to a much greater depth than was expected—probably 2,000 feet further. None of the large oil companies felt justified in amisting in deilling this well any deeper. The company is now working on the proposition of the large oil companies felt in the feet of the feet of shooting the well at the 2,200-feet level, where a sawking of gas was had. Mr. McGree also states that in the portion with all the large oil companies.
